Deepak yadav

Dear Sir,

Going through the Infosys last Sunday, I came across your advertisement inviting application for the post of train software developer(freshers). This was just the job I was looking for and I wish to offer myself as a candidate for the same.

I have just completed my BSC IT in college from the Nagindas khandwala College and I am pursued a undergraduate in IT field through correspondence. Though I am a fresher, I have served as the software developer of my college respectively. I wish to build a career in IT field and I think Infosys is the best IT company to work with.

All my educational and technical qualifications are detailed in a resume attached to this letter with testimonials from a few professors. I look forward to the opportunity of a personal interview.

Yours Sincerely,

Deepak yadav
