From today's featured article

 The **M113 armoured personnel carrier** has been operated by the **Australian Army** in large numbers since 1964. Either 817 or 840 M113s were acquired between 1964 and 1979, comprising nine different variants. In Australian service, the M113 has equipped armoured transport and reconnaissance units as well as **mechanised infantry** formations. It has been used as a support vehicle by many other units. The type played an important role in *Australia's commitment* to the **Vietnam War** between 1965 and 1972 (*pictured*). Small numbers of M113s were deployed to **Somalia** during 1993 and **Rwanda** between 1994 and 1995. Larger numbers of M113s operated in **East Timor** from 1999 to 2002 and 2006 to 2008. A long-running modernisation resulted in 431 being upgraded between 2007 and 2012. Despite the upgrade program, the **Australian Army's** M113s are now obsolete and they have not been included in recent deployments due to their vulnerability. Replacement **infantry fighting vehicles** are scheduled to enter service from 2025. (**Full article...**)

Draft:EMULATOR BANTAI

From Wikipedia, the free encyclopedia

EMULATOR BANTAI *Emulator bantai* is a youtube channel that uploads videos about facts, 'explained' videos, and also other type of content. He uploaded his first explained video on youtube on Jun 11, 2020 titled *"This How the Vaccine of "CORONA VIRUS" IS Been Made* and has 86 views [On the day of edit of this page (Sunday, 14 February 2021 in India)] But now the genre of the channel is now switched to mainly facts and explained videos which earlier were some garba videos and some random whatsapp videos. His explained videos look largely influenced by *Dhruv Rathee* and the facts seems inspired from other fact youtubers in India.
